INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Marin Senior Coordinating Council

Report on the Financial Statements

We have audited the accompanying financial statements of the Marin Senior Coordinating Council (a California nonprofit public benefit corporation), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and, for 2014, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Marin Senior Coordinating Council as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying 2014 schedule of expenditures of federal awards as required by the Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the 2014 financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2014 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2014 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2014 on our consideration of the Marin Senior Coordinating Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters for 2014. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Marin Senior Coordinating Council's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
For the years ended June 30, 2013 and 2014

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Celebrating its 60th year, Marin Senior Coordinating Council Inc. (dba Whistlestop) promotes the independence, well-being and quality of life for older adults and people living with disabilities in Marin County. Whistlestop achieves this mission by providing a variety of transportation, nutrition and activity services that address its clients' essential needs. These vital resources enable individuals to live more engaged and active lives for as long as possible.

Whistlestop provides special needs transportation services through Marin Access, a partnership of Whistlestop, Marin Transit and Golden Gate Transit. The agency's Jackson Café offers Whistlestop clients a warm, welcoming atmosphere and fresh, affordable lunchtime meals prepared by culinary institute graduates. Whistlestop's Active Aging Center provides educational classes, multicultural gatherings and helpful information and referral services.

This year, the organization's Marin Access collaboration provided approximately 137,000 paratransit trips, an increase of 4% from the previous year. The Jackson Café served approximately 20,200 meals, 95% of which were discounted meals for older adults. The Meals on Wheels home delivery program served an average of 267 monthly recipients, with over 6,100 meals delivered each month. The Active Aging Center continued to see a rise in the approximate number of participants: 7,800 multicultural outreach contacts were made, 4,200 people engaged in exercise and wellness classes, 3,500 participants were involved with the center's social groups, 2,800 participants partook of the nutritional services offered, and over 1,000 other participants took advantage of computer classes and other information and referral services offered by the Active Aging Center.

In order to ensure that a wide population of older adults and individuals with disabilities receive services and support, Whistlestop relies heavily on the generosity of its many volunteers, who teach classes, deliver meals, provide support services and work in the Jackson Café.

The Corporation receives a major portion of its revenue from transportation services, donations and bequests.

Basis of Presentation - Resources are classified for accounting and reporting purposes into three classes of net assets, according to externally imposed restrictions:

Unrestricted net assets - Net assets that are not subject to any donor-imposed restrictions.

Temporarily restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Corporation pursuant to those stipulations, (b) from other asset enhancements and diminishments that are subject to the same kind of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations, their expiration by passage of time, or their fulfillment and removal by actions of the Corporation pursuant to those stipulations.

MARIN SENIOR COORDINATING COUNCIL INCORPORATED

NOTES TO FINANCIAL STATEMENTS
For the years ended June 30, 2013 and 2014

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Permanently restricted net assets - Net assets resulting (a) from contributions and other inflows of assets whose use by the Corporation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Corporation, (b) from other asset enhancements and diminishments that are subject to the same kinds of stipulations, and (c) from reclassification from (or to) other classes of net assets as a consequence of donor-imposed stipulations.

There were no permanently restricted net assets as of June 30, 2014 and 2013.

Method of Accounting - The financial statements of the Corporation are prepared using the accrual basis of accounting, which reflects revenue when earned and expenses as incurred.

Cash and Cash Equivalents - Cash is defined as cash in demand deposit accounts as well as cash on hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and investments so near their maturity that the risk of changes in value due to changes in interest rates is negligible. These are generally investments with maturity dates within three months of the acquisition date. From time to time, amounts on deposit may exceed federally-insured limits.

Accounts, Grants and Bequests Receivable - It is the practice of the Corporation to expense uncollectibles only after exhausting all efforts to collect the amounts due. There is no allowance for doubtful accounts and management believes all amounts will be collected in full.

Contributions - Contributions are recognized when the donor makes a promise to give to the Corporation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Property, Equipment, and Improvements - The Corporation records property, equipment, and improvements at cost of acquisition, or, if donated, the fair market value at the date of donation. Depreciation is recognized using the straight-line method over the useful lives of the assets, which range from 3 to 40 years. The Corporation capitalizes all property and equipment with a cost in excess of \$1,000.

The Corporation reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the real estate exceeds the fair value of such property. There were no impairment losses recognized in 2014 or 2013.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes - The Corporation is exempt from federal and state taxes under Section 501(c)(3) of the Internal Revenue Service Code and Section 23701d of the California Revenue and Taxation Code, and is considered by the IRS to be an organization other than a private foundation.

Inventory - Inventory consists of printed fundraising mailers and vehicle parts. The items are recorded on a first-in, first-out basis and are valued at the lower of cost or market value.

Deferred Revenue- The Corporation has a fee-for-service agreement that allows the Corporation to receive advances on future reimbursable services. As of June 30, 2013, the Corporation received \$2,148 for future reimbursable services.

Volunteer Service - Whistlestop receives contributions through services provided by over 178 volunteers annually. Though not recognized in the financial statements because their services do not require any specialized skills, they have an invaluable impact on our wide population of older adults, who receive support and services from Whistlestop. Currently the average volunteer hourly rate in our locality is valued at \$26 per hour according to a national volunteer value database. The organization currently estimates the value of the following services at \$422,500.

Center Administrative Services	1,700
Active Aging Programs	3,700
Jackson Café Service	4,300
Home Delivered Meals	4,600
Food Pantry Service	1,950
Total service hours provided	16,250

Subsequent Events - Subsequent events have been evaluated through November 10, 2014, which is the date the financial statements were available to be issued.

ASC 740-10, Accounting for Uncertainty in Income Taxes - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Corporation to report information regarding its exposure to various tax positions taken by the Corporation. The Corporation has determined whether any tax positions have met the recognition threshold and have measured the Corporation's exposure to those tax positions. Management believes that the Corporation has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties assessed to the Corporation are recorded in operating expenses. No interest or penalties from federal or state tax authorities were recorded in the accompanying financial statements.

Advertising - The Corporation expenses advertising costs as incurred. During the year ended June 30, 2014, \$27,113 was paid in advertising costs.

NOTE 14 REDEVELOPMENT AND IMPACT OF PROPOSED SMART STATION SITE

Whistlestop owns the property, 930 Tamalpais Avenue, San Rafael, which houses the organization's Active Aging Center. The planned location of the Sonoma Marin Area Rail Train (SMART) downtown San Rafael station is adjacent to the east side of the property. During the past four years, Whistlestop management has been working with the SMART staff and the City of San Rafael to determine the SMART downtown station location's impact on Whistlestop's property.

In addressing the planned SMART downtown location, Whistlestop has embarked on a redevelopment plan for its existing property and site. The redevelopment plan proposes a re-build to include the addition of senior affordable housing units combined with a new state of the art Active Aging center. The organization will be in partnership with a notable nonprofit housing organization to develop, construct, and manage the housing component of the project.

In February 2013, Whistlestop's board approved the MOU with Eden Housing that allowed for the predevelopment and due diligence phase of the project to proceed. Eden Housing is managing the predevelopment work and is also covering the expenses for work being done during this phase. Once this work is completed Whistlestop and Eden Housing will enter into negotiations for a Purchase and Sale Agreement (PSA) for the 930 Tamalpais Avenue property. Terms for the PSA are described in the MOU. It is anticipated that the PSA negotiations will take place in 2015.

In January 2014, Whistlestop, in partnership with Eden Housing, submitted a pre-application to the City of San Rafael's Planning Department for the redevelopment of its property located at 930 Tamalpais Ave., in downtown San Rafael. The application described the proposed "*Whistlestop 2.0*": *Senior Housing and Community Services* as follows:

"The impending arrival of the SMART train in the downtown area of Central San Rafael has presented Whistlestop with an opportunity to transform its current building into a transit-oriented senior center with on-site services and housing for seniors. This transformation will not only allow Whistlestop to manage the impacts of the new train station, but will also allow for a modernization of the facilities that serve seniors all over Marin and create critically needed affordable housing for seniors. Whistlestop has partnered with Eden Housing to help realize this vision for a new facility that will include up to 48 units of on-site affordable senior housing to compliment a new 10,500 square foot Active Aging Center and Jackson Café. "

The pre-application summarized the proposed project uses and benefits, described how the project fits into the existing City context and zoning framework, and summarized accompanying studies provided in support of the plan. Whistlestop and Eden received feedback from the City's Planning department and, based on this feedback, resubmitted a revised pre-application in March 2014.

Whistlestop and Eden Housing have presented the Whistlestop 2.0 project to over a dozen community/neighborhood association meetings in advance of submitting the formal application to the City's Planning department. The community feedback for the project has been positive. Whistlestop anticipates initiating the formal application process in late November 2014 beginning with the submission of architectural design drawings to the City's Design Review board.

NOTE 14 REDEVELOPMENT AND IMPACT OF PROPOSED SMART STATION SITE (Continued)

In July 2014, SMART began construction of their downtown San Rafael station platforms located in their Right-of-Way adjacent to the east side of Whistlestops property. This construction caused a loss of parking on Whistlestop's property. In August, 2014 Whistlestop leased a property next to its building to be used as a temporary parking lot for its older adult clients and staff (see Note 10).

As of the report date, the total cost of the development had not been determined, and only pre-development costs of \$8,064 have been recorded in these financial statements.

NOTE 15 CONTINGENCIES AND COMMITMENTS

The Corporation relies on a significant amount of funding received in the form of donations and grants from individuals and foundations as well as investment income to support its operations. The current global financial markets and discussions of a U.S. economic downturn may have an impact on the level of funding provided by these funding sources and the market value of marketable equity securities held by the Corporation. While it is impracticable to determine the impact of these events, management is taking steps to address potential changes in funding levels and reduce the Corporation's exposure to impact from these events.

NOTE 16 SUBSEQUENT EVENTS

Subsequent Capital Lease:

Subsequent to year end, in August 2014 the Corporation entered into a capital lease agreement for a vehicle. The lease requires 60 monthly payments of principal and interest of \$431, plus tax (see Note 6).

Subsequent Operating Leases:

- On June 27, 2014, the Corporation entered into a ground lease for a parking lot. The lease calls for monthly payments of \$6,250 for the term of July 1, 2014, through June 30, 2016. (See Note 10).
- In August 2014 the Corporation entered into a 36-month operating lease for a vehicle. The lease calls for monthly payments of \$256, and matures August 2017 (see Note 10).

Subsequent Split-Interest Event

Subsequent to year end, the split-interest agreement was modified and the Corporation no longer serves as the fiscal sponsor for the Marin Valentine's Ball (see Note 2).

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Marin Senior Coordinating Council
San Rafael, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Marin Senior Coordinating Council (a California nonprofit public benefit corporation) which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Marin Senior Coordinating Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited the Marin Senior Coordinating Council's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Marin Senior Coordinating Council's major federal programs for the year ended June 30, 2014. Marin Senior Coordinating Council's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Corporation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Project's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Marin Senior Coordinating Council's compliance.

Opinion on Each Major Federal Program

In our opinion, Marin Senior Coordinating Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Marin Senior Coordinating Council is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with the type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control* is a deficiency, or a combination of deficiencies, in internal control over compliance with the type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
